STANDARD SECURITY DOOR FEATURES

DOOR FRAMES

The heavy gauge steel frame is individually welded with mitered corners to fit your door opening specifications.

JAMBS

Your existing door frame is reinforced with metal jambs, and completely weather stripped.

HINGES

Forged steel hinges give maximum no sag support

GLASS / SCREEN

Completely weather stripped safety tempered glass panels.

DECORATIVE CASTING

Several castings offer an endless variety of patterns and styles.

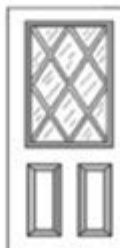

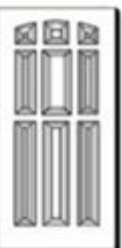

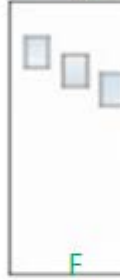

PNEUMATIC CLOSER WITH WIND CHAIN

The closer may be easily adjusted to change closing speed and is equipped with a convenient hold open clip.

LOCKING SYSTEMS

A wide variety of locks are offered to satisfy your individual needs and preference.

STEEL ENTRY DOORS

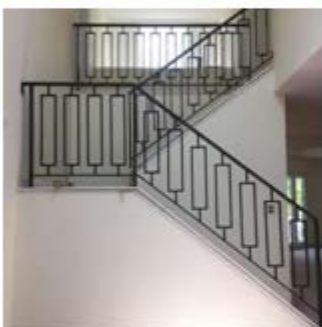

Folding Gates & A/C cages

- Folding Gates are great for many residential and business entranceways

- A/C Cages can protect the Air Conditioner unit from theft

Railings & Gates

- Add Property Attraction

- Security and Privacy

- Custom Design

Windows & Window Guards

- Helps Prevent Window Invasion

- Peace of Mind

- Adds Value

MESHTEC WINDOW SCREENS

Exclusive Technology

The Meshtec Advanced Screen System utilizes an exclusive manufacturing platform to deliver patent protected, high tensile strength, stainless steel screen security products that are easy to see through and almost impossible to get through.

While under tension, wires are woven into stainless steel mesh

Stainless steel mesh is cut, pre-treated, and powder coated

Mesh panels are secured in product frames with patented mechanical attachment systems

Ultimate Security

The patent protected technology of the Meshtec Advanced Screen System creates a whole new class of security products that meet or exceed the most stringent performance standards.

IMPACT

SHEER

PRY

Only products with Meshtec meet all 3 international security standards
